

Thanks for a good meeting last night, here are some notes I captured:

1. The board is in favor of a 'Back the Blue' event and we identified a tentative date of Saturday October 8th in the morning. Kari Ann / Jay to work together to plan this event. We will try to get donations from Wal-mart and 7/11 and the board is OK utilizing some of the social activity budget to fund things we can't get donated. The FWPD may also be able to donate some items as part of their community outreach.
2. The board reviewed the concept of 'fines' for those homes that do not comply with the corrective actions to issues the HOA has notified them about. At this time the board wishes to continue evaluation of this approach and the subject will be reviewed at a future HOA meeting.
3. Richard and/or Brent to determine if 8049 Sunscape is vacant and if we need to have the HOA mow the lawn. If needed then we will contact John to arrange the mowing.
4. Jay to update the tentative Daystar entrance with the Summer Creek sign location and return to John. Also, John to have the near-dead tree at Daystar entrance removed.
5. Jay to contact Jungus regarding trees that need attention in the Park and in the medians on Summer Creek Dr.
6. The board is discussing a dinner for block captains in the near future.
7. Jay and Cody to complete actions related to the newsletter.
